"Tom," Kathleen said, "I know why you became a cop, I guess. St. Anselmo's Orphanage ... the murders of those children." Having survived the night, Edom and Jacob were waiting in the hall. Each kissed his nephew, but neither could speak..The January air was crisp, fragrant with evergreens and with the faint salty scent of the distant sea. A curiously yellow moon glowered like a malevolent eye, studying him from between ragged ravelings of dirty clouds..For Junior, 1968-the Chinese Year of the Monkey--would be the Year of the Plastic Surgeon. He would require extensive dermabrasion to restore the smoothness and tone to his skin, to be as irresistibly kissable as he had been before. While at it, he would need surgery to make subtle changes in his features. Tricky. He didn't want to trade perfection for anonymity. He must take care to ensure that his postsurgery look, when he let his hair grow in and perhaps dyed it, would be as devastating to women as his previous appearance..His eyes were strangely radiant, as she had never seen them before, as if the shining angel who would guide him elsewhere had already entered his body and was with him to begin the journey.. "For the love of God," Junior pleaded, "can't you please give me something for the pain?". The rough massage had only just begun to bring a little relief to Junior's legs when Sparky returned with six stoppered rubber bags full of ice. "This was all the bags they had down at the drugstore." Kathleen had never heard a religious calling described in such odd words as these, and she was surprised, indeed, to hear a priest refer to God as "strange". The high point of his day was coming home to Perri. They met when they were thirteen, married at twenty-two. In May they would celebrate their twenty-third anniversary..Although Paul had seen Tom Vanadium's clever coin trick, he didn't understand the rest of their conversation, and he assumed that for everyone else--except Angel's mother--it was equally impenetrable. But taking their clue from the risen Celestina, all those present had fallen silent..After a while, he dared to crack his eyelids. Pressing against his eyes was a blackness as smooth and as unrelenting as any known by a blind man. Not even a ghost of light haunted the night beyond the window, and the slats of the venetian blind were as hidden from view as the meatless ribs under Death's voluminous black robe..Prepared for any contingency, Junior listened to the house until he was certain that he needed the knife for no one else..He vanished through some hole, some slit, some tear bigger than anything through which Tom flipped his quarters.. "Tom, a couple minutes ago," Agnes said, "Celestina mentioned your. . . 'certain awareness.' Which is what exactly?". Now here was a thing, worse than the thought of a quarter in the closed hand: Neddy's eyes seemed to follow Junior as he rooted among the trash bags..Celestina often thought of his wife and twin boys--Rowena, Danny, and Harry--dead in that airliner crash six years ago, and sometimes she was pierced by a sense of loss so poignant that they might have been members of her own family. She grieved as much over their loss of Wally as over his loss of them, and as blasphemous as the thought might be, she wondered why God had been so cruel as to sunder such a family. Rowena, Danny, and Harry had crossed all waters of suffering and lived now eternally in the kingdom. One day they would all be rejoined with the special husband and father they had lost; but even the reward of Heaven seemed inadequate compensation for being denied so many years here on earth with a man as good and kind and big of heart as Walter Lipscomb..because the car was either struck again by the pickup or hit by other traffic or perhaps it collided with a parked vehicle, but whatever the cause, the breath was knocked out of her, and her screams became ragged gasps.. "Not that trains are any better. Look at the Bakersfield crash back in '60. Santa Fe Chief, out of San Francisco, smashed into an oil-tank truck. Seventeen people crushed, burned in a river of fire." "Cancer," she whispered, and superstitiously reproached herself for speaking the word aloud, as though thereby she'd given power to the malignancy and ensured its existence..The girl's appetite was sharp, even though the food was soft and bland. Soon, she slept..On this momentous day, however, drawing provided no solace. Frequently, her hands shook, and she could not control the pencil..Koko changed directions with a fantastic pivot turn and bounded after the girl..Those who had just met her and those who were overly charmed by eccentricity called her Seraphim, her name complete. Her teachers, neighbors, and casual acquaintances called her Sera. Those who knew her best and loved her the most deeply--like her sister, Celestina called her Phimie..Junior intended to add one stocky ghost to the party. Perhaps on a summer night in years to come, at the edge of the light fall from his Coleman lantern, a fisherman would see a semitransparent Vanadium providing entertainment with an ethereal quarter..Considering the protection that it would afford him in a world full of warmongers, Junior considered the loss of the toe, while tragic, to be a necessary disfigurement. To his doctors and nurses, he made jokes about dismemberment, and in general he put on a brave face, for which he knew he was much admired..Junior no longer leaned casually on the casing. He put both hands flat against the door..Although their apartments were above the garage, back to back, each was served by a separate exterior staircase. As often as either man entered the other's domain, they might as well have lived hundreds of miles apart.. "If I had a wife, she wouldn't feel too lucky. I'm not of the persuasion that wants a wife, dear." He lay still, waiting for silence to return, so he could hear whether the great gong had drawn people into the alley..Happy weekend. His attitude amazed her, and his strength in the face of darkness gave her courage..A floor-to-ceiling bookshelf was crammed with pulp magazines that had been published throughout the 1920s, '30s, and '40s, before paperback books supplanted them. The All-Story, Mammoth Adventure, Nickel Western, The Black Mask, Detective Fiction Weekly, Spicy Mystery, Weird Tales, Amazing Stories, Astounding Stories, The Shadow, Doc Savage, G-8 and His Battle Aces, Mysterious Wu Fang ....He hesitated, because until the limited explanations he'd made to Celestina in San Francisco, he had never discussed his special perception with anyone except two priest counselors in the seminary. At first he felt uneasy, talking of these matters to strangers--as if he were making a confession to laity who held no authority to provide absolution but as he spoke to this hushed and intense gathering, his doubts fell away, and revelation seemed as natural as talk of the weather..In a minute or two, one of the cops returned, crouching close as the medics worked. "There's no intruder." The black service road seemed to come out of nowhere, then to vanish into a void, and Junior suddenly felt dangerously isolated, alone as he had never been, and vulnerable..He was glad that he'd taken the double dose of antiemetics. In spite of this provocation, his stomach felt as solid and secure as a bank vault..While Angel continued her relentless interrogation of Paul Damascus, Tom joined her mother in front of the large window at the end of the room farthest from the dinner table..Junior's throat wasn't half as sore as it had been the previous afternoon, and to these men, his soft, coarse voice must have sounded not abraded, but raw with emotion. "I don't care what's customary. I don't want anything. I don't blame anyone. These things happen. If you have a liability release with you, I'll

sign it right now." He knew for a fact that Seraphim had died in childbirth. He had seen the gathering of Negroes at her funeral in the cemetery, the day of Naomi's burial. He had heard Max Bellini's message on the maniac cop's Ansaphone..His Country Squire laden with cookies, plum cakes, homemade caramel corn with almonds, and gifts, Edom drove directly home from Obadiah Sepharad's place, which had been their final stop. He roared away as if trying to outrun tornadoes and tidal waves..Although she had never seen snow other than in pictures and on film, this deep-settled silence seemed to speak of falling flakes, of white muffling mantles, and she wouldn't have been in the least surprised if, stepping outside, she had found herself in a glorious winter landscape, cold and crystalline, here on the always-snowless hills and shores of the California Pacific.
